**PLAINTIFF'S MEMORANDUM OF LAW IN OPPOSITION TO  
THE FEDERAL DEFENDANTS' MOTION TO DISMISS**

This is Undersigned's Memorandum of Law (MOL) in regards to his Declaration with Exhibits 51 through 88 due for filing by 28 May 2019, as a continuation of the 50 exhibits submitted to date, and that is in opposition to the Federal Defendants' Motion to Dismiss shown as Exhibit 51; and that this MOL continues in support of injunctive relief against Defendants use of the so-called Rehabilitative Health Act (RHA) by New York Defendants' etal, that asks for a finding against the Governor trustee for breach of his fiduciary duty to protect government collateral property under the continuing Emergency Banking Relief Act of 1933 under the continuing 86 year FDR Proclamation 2040, whose Emergency Government system occupation of all states as territory during the emergency seized all property as booty dedicated as public property collateral for repayment of the debt; and that along with all Defendants and those yet named the Federal Defendants are aiding and abetting illegal alien residence for unjust enrichment in violation of 8 USC §1324, with 13 USC Sec. 141 /Sec. 195, P.L. 94-171, 18

USC §611 (illegals voting in elections) and 2 USC §2a, 2 USC §6, 18 USC §1091 and related law as apply to Governor Cuomo's breach of fiduciary duty under the 1933 Emergency Banking Relief Act and Proclamation 2040 continuing thirty-one (31) plus emergency orders of the Commander-in-Chief (CINC) ; the subject of which specifically as applies with Federal Register Vol. 83, No. 243 Wednesday, December 19, 2018 Notice of December 18, 2018 Continuation of the National Emergency With Respect to Serious Human Rights Abuse and Corruption at shown at Complaint Exhibit C; and short of enforcement of such with related law referenced above the Court would agree that a citizen's opportunity and obligation to participate in voting in and out the stooges foisted on us all must fashion relief that would embrace the CINC Emergency Order to protect elections as shown at Exhibit 62 page APX 001 thru APX 008 seemingly to the chagrin of DHS.

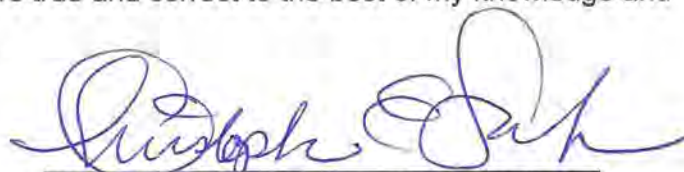

As a unique post 2000 millennium twist, thanks to the brilliant decryption work of Michael McKibben of Leader Technologies in Ohio (the actual engineer inventor of scalable social media - see his Miller Act Notice at Exhibit 62 Page APX 101 thru APX 126) and Dr. Douglas (30 year veteran of the intelligence service the recovering Jesuit Priest of the third degree) whose wife naturopath Dr. Tyla Gabriel create new level of awareness with their American Intelligence Media (AIM) out in Michigan; as a result of their work we now know most of the active 10000 or so names of the Senior Executive Service (SES) and who the apparent SES Association are when published since 1980 in *the Plum Book* every four years list of the nefarious little known paramilitary organization that since 1978 eliminated the civil due process afforded by U.S. Grant's Civil Service Commission (CSC) was replaced with the Office of Personnel Management (OPM); and that SES is operated by a sort of OPM privy council of 500 inner sanctum attorneys at the Justice Department, which is similar if not the same type of parallel structure to the Queen's Privy Council that since the creation of *Five Eyes* (Britain, Canada, Australia, New Zealand and United States) Agreement by 1945 is fully weaponized against the American People using the National Security Act of 1947.

The consequences of the Five-Eyes empowerment is what President Eisenhower warned of in 1961 when upon leaving office characterized the danger of the *Congressional Military Industrial*

*Complex* (CMIC), as shown in Exhibit 62 Petitioner Writ *Statement of Facts* pages 13 thru 16; and that the CMIC after the elimination of the CSC in 1978 operates without checks and balances using SES to facilitate, direct, manage and protect CMIC contracts, while pilfering new inventions and its benefits that are questionably conveyed to the Queen's own SERCO, INC, traded on the London Exchange as described in the previous Declarations' Exhibits 17, 32, 44 thru 48 and especially at Exhibit 62 at APX 009 thru APX 079. Seemingly, the DHS as a SES vehicle is jealously guarded by DHS General Counsel / SES Member John M. Mitnick in the service of SERCO INC that is in the full and complete control of the Copyright and Patent Office, which is curiously omitted from its latest S.E.C. filing.

If it please the Court, DHS should be brought to serve the CINC in regards to the current Emergencies to afford protection of all those new born private citizens that are otherwise being put to death under the RHA by the malicious dereliction of SES members who are proven to be serving the insatiable greed and avarice of SERCO INC; and that as to the yet unmentioned U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES, we must facilitate and mandate it to protect those new born and fellow citizens from the corporate state socialism eugenic experimentation being done with weaponized technology like 5G EMF that is more dangerous than the optional use of Fluoride done with impunity under the guise of commercial expediency; we depend upon our ability to safely communicate absent long line infrastructure that is deteriorating all over the nation. That Undersigned requests a hearing to present expert evidence testimony in support of opposition to the Federal Defendants' Motion to Dismiss, and or a sur-reply to Federal Defendants reply along with such other different relief that the Court deems necessary herein. That I, Christopher Earl Strunk respectfully state and declare the above and associated documents are true and correct to the best of my knowledge and belief, under penalty of perjury with 28 USC §1746.
